Marie Curie Cancer Care

Most of us, if we had cancer or another terminal illness, would want to be cared for at home, close to family and friends. Last year our Marie Curie Nurses made this possible for many patients. Together with our hospices, they cared for more than 31,000 people, completely free of charge.

Keeping families together at home at what can be a very difficult time is incredibly important. The presence of a Marie Curie Nurse means they can enjoy the simple things we so often take for granted. It may be resting by the fire, sharing in your family's festive traditions or simply enjoying the smell of mince pies baking in the oven. That can mean so much especially at Christmas.

Marie Curie Cancer Care would like to invite you to support the charity this Christmas. If you are unable to attend Carols in the City, or you would simply like to make a donation to the charity, we are inviting you to support us with a Parcel of Care. By making a gift to our work this Christmas, you will be helping us care for the people who need it most.

How your support helps families this Christmas

- Fund a Christmas dinner for a patient in a hospice – £15.
- Fund one hour of nursing care over the Christmas period – £20.
- Fund a Christmas tree for a hospice – £50.
- Fund a nine hour nursing shift over the Christmas period – £180.

To fund a Parcel of Care please complete the form on the reverse of the invitation.
